DESCRIPTION OF THE COMPANY:

About Cross-Border Öresund and Life Science:

The crossborder partnership was set up in 1997. It is involved in activities to help crossborder workers and students, as well as employers who wish to recruit labour craft. Within Life Science sector there is an increasing shortage of expertise in both sides of the strait. (Sweden/Denmark)

Since 2015 we have started a project to contribute to strengthening growth and employment in the Life Science sector in the Øresund region.
